While conditions in the U. S. fully warrant the immigration restriction act, this act will nevertheless be quite beneficial to Canada. There are vast areas in Canada very slightly populated and there is need for immigrants in other lines of industry from that of farming.

It is very likely that many of the European immigrants barred from the U. S. will turn their attention toward Canada, and will find homes and lines of employment there. Immigration cannot be overdone in Canada if those who seek homes there have a little capital and are ready to engage in farming or livestock raising.

Senator Reed of Missouri seems to be "coming back" politically. When the national Democratic convention met in California, Missouri senator was not granted a hearing or permitted to sit as a delegate at the convention. Yet the other day by invitation he addressed the joint session of the Missouri legislature and was very cordially received.

When the Lantz grain bills were before the legislature two weeks ago various complaints against the board of trade were voiced. The grain men readily admitted that some of the evils complained of exist. It is indicative of the good judgment of these same men that they have already begun to correct the evils on which the complaint was made. The action may be prompted by thoughts of self-preservation, but is good nevertheless. To put an end to certain

wrong practices in connection with the board will go a long way toward the prevention of legislation purposing broad control.

To in part make amends for the damage to life and property in the recent riots, the people of Tulsa have adopted a forward civic program. In a section of the city where so many innocent colored people were slain, a public park, a library and a hospital are to be provided and maintained. Moreover the city has begun a campaign against lawlessness and vice, which was the basic trouble and the cause of the riotous outbreak.

Perhaps it was necessary to have that awful calamity in order to awaken Tulsa to real conditions. If the promised reforms and improvements become realities, then it can be truthfully said that those who gave up their lives in the black night of riot did not die in vain.

Statistics show that the number of butcher cattle in the country has decreased nearly 50 per cent in the last year. With such a condition the livestock producer wonders why it is that prices for these animals continue to sag. Ordinarily such a sharp reduction would certainly mean higher livestock values. But the explanation is that as the number of animals has fallen off, by so much has the consumption been reduced. People are not eating anywhere near as much beef as they were a year ago, and so the cattle shortage has produced no acute condition with its higher prices.

It is said that there was no appropriation in the omnibus bill for the continuance of welfare work in connection with the state institutions. Now comes the question as to whether this omission was intentional or accidental, and nobody seems to be qualified or inclined to answer the question. But it is known that all people were not of one mind as to the exact value of the work done.

Charles G. Dawes has been appointed by President Harding as head of the national budget bureau. The president could have searched the country over with-

out finding a man better qualified for this position of large responsibility. The financial experience of Gen. Dawes runs thru at least a quarter of a century and he is entirely familiar with big figures and big enterprises. The budget plan affords proof of the administration's earnest desire to put governmental affairs on a business basis and to effect possible economies.

SCOTT COUNTY GIRL IS NOW ARMY NURSE

Miss Lucille Burns is Among the Graduates of Army School of Nursing at Walter Reed Hospital in Washington—Other Scott County News.

Winchester, June 22.—Mr. and Mrs. Peter F. Burns and other residents here have received from Miss Lucille Burns invitations to the graduating exercises of the army school of nursing at Walter Reed general hospital in Washington. A class of 400 nurses graduated and the exercises were held in the formal garden at the hospital. General Pershing, who was scheduled to present the diplomas was absent from the city so the long line of graduates, led by twenty honor graduates, filed by Major General Ireland and received the parchment rolls from him. Every one connected with the hospital was interested in the exercises. The patients were letted beneath the trees about the garden, which formed a natural sylvan theatre for the occasion.

Many bouquets of flowers, little gifts made by the men and others sent by family and friends were presented during the ceremony. A vivid sea of color was formed by the blue and white uniforms of the graduates and student nurses, the white uniforms of the graduate nurses, the deep blue of the uniforms of occupational nurses and psycho-therapy aides, the red crosses on the uniforms of the Red Cross aides, and the khaki uniforms of the medical staff and enlisted personnel and the brilliantly trimmed white uniforms of the marine band.

The officials of the hospital, the army school for nurses, Surgeon General and Mrs. Ireland, and especially invited guests were on a flag draped platform at the foot of the garden.

Miss Burns is one of Scott county's prominent young ladies. She graduated from the Winchester high school and commenced her training at Camp Grant in August, 1918. From there she went to Fort Sheridan and was affiliated with the Children's Memorial in Chicago. Last winter Miss Burns was in community welfare work in New York (Henry Street) under Lillian Wallis. After leaving the Walter Reed hospital her last affiliation was with St. Luke's hospital in New York City. Miss Burns has many friends in Winchester who are greatly interested in her welfare and glad to know of her splendid work.

Miss Berna Miner left Wednesday night for Galesburg to visit friends.

A son arrived Sunday at the home of Mr. and Mrs. John Trahey.

Summer Weight Comfortable Clothing

Cool Mohairs, Genuine Poruscloth
Summer Weight Worsteds

A Little Talk on "Prices," by
Albert Renner, President of This Company:

—Ever since the war a flock of long haired high brows over the country has been telling us about "prices and their movement." Do you know that prices, as far as clothing (good made-to-measure garments) is concerned, are pretty near where they will remain for a long time to come. They are, in a number of instances, probably lower than they will remain. If you have any idea that "Buy Now" is a fake argument, drop in here and see what is being offered; examine carefully the goods and study the cost to you. Quality always has been maintained here. We will not urge you unduly to buy, but as a Jacksonville business house we want you to fully understand conditions. The "abnormal condition" in the world today is an abnormal lack of confidence on the part of the buyer. Merchants have what you today require, at your own price.

—And more than this, Jacksonville is a low priced city when compared with the majority of others.

—Come in this week and let's talk over the question of that summer suit. We believe we can convince you that it is economy to buy here, and now—we know you will be more comfortable.

SCOTT'S THEATER
LAST TIME TODAY
GEORGE BEBAN
in **ONE MAN IN A MILLION**
"One Man in a Million" is one picture in a million—a wonderful human story that gets a tear and a sob and a laugh or so. And George Beban is one actor in a million for it is doubtful whether there is any screen star who can even approach his characterizations of the homely aliens who come to America's shore. Mr. Beban's last picture, which took a full year to make, contains all the essentials of the successful motion picture combined in a story of undeniable merit and interest. Lupine Delchint, played by Mr. Beban, rises to no great social heights, but the impression is indelible that he is nevertheless a great man, a human whose outward appearance is a mere shell to cover one heart in a million. The supporting cast includes such favorites as Helen Jerome Eddy, Irene Rich, George Beban Jr., (Bob White) and Lloyd Whitlock.

BURGLARS WERE WORKING IN CITY

Several Business Offices Entered Some Time Tuesday Night or Wednesday Morning and Small Sums of Money Taken.

Burglars were at work in the city some time Tuesday night or early Wednesday morning when several officers in the Morrison block and the Avers Bank building were entered.

In the Morrison block the offices of W. N. Hairgrove, Dr. C. B. Sawyer and the Anti-Tuberculosis league were entered.

In the office of Mr. Hairgrove his desk and the desk of his office assistant, Miss Loar, were broken open. The thieves secured \$25 in cash here.

About \$4 in cash was secured in the office of Dr. Sawyer while nothing was secured in the office of the Anti-Tuberculosis league.

In the Avers bank building the offices of Thompson and Thompson on the seventh floor were entered and two desks broken open.

The burglars then went to the next floor where the offices of Bellatti, Bellatti and Moriarty and E. B. Wiswell were entered. Nothing was secured in these offices.

On the third floor the office of Sapcroft and King yielded about \$5 in cash.

There is no clue to the burglars tho the police believe it is the work of local talent.

WILL STILL HAVE

DANCE ORCHESTRA

Many people have gotten the idea that the Dunlap orchestra will give up playing for dances since securing the contract for furnishing music at the Grand.

Harold Dunlap said last night that the orchestra would still furnish dance music for all occasions.

The dance section of the orchestra will be under the direction of Warfield Brown.

A UNIQUE RECEIPT

A gentleman remarked yesterday that a receipt he had seen and which belonged to his great grandfather, was a statement that the holder had paid his taxes and a peculiar feature of the document was the fact that a part of the tax was paid in whiskey at fifteen cents a gallon. If the heirs had that liquor now they would be well off.

The Thursday Social Club will meet with Mrs. James Rice, 502 South Prairie street this afternoon at 2:30.

CLAIM EVIDENCE DOES NOT JUSTIFY RESOLUTION
 WASHINGTON, June 22.—Evidence presented to the railroads by shippers of fruits and vegetables does not justify a general reduction of freight rates or that traffic the association of railway executives declared today. Many complaints of high rates on fruits and vegetables the statement said were found to be merely in anticipation of reduced profits and unfavorable markets, but the actual figures demonstrated that the daily and weekly results were generally remunerative.

TRIAL OF ALLEGED MAIL ROBBERS IS NEARING CLOSE

Wanda Urbaytis Gives Lie to Testimony Given by Priest

(By The Associated Press)
 TOLEDO, O., June 22.—At conclusion of the first night session of federal court where 13 men and women are on trial for alleged complicity in the million dollar postoffice robbery here last February 17, but two defendants remained to be heard. By holding a night session tonight Judge Killets believes he has paved the way for the case to be given the jury Saturday.

Of the thirteen on trial six tonight rested their case with the jury without having been heard, while five others had testified in an effort to refute the government's evidence. The defendants' evidence. The defendants' evidence. The defendants' evidence.

Wanda Urbaytis, a defendant, and the girl said to have carried one hundred and eighty thousand dollars in stolen bonds to Chicago where she handed them to Anthony Gorek, a Roman Catholic priest to be sequestered, gave the lie in her testimony to Gorek's allegations.

The girl also related times when she was assaulted, she declared, by Gorek.

COMPETENCY OF LEAGUE QUESTIONED

(By The Associated Press)

GENEVA, June 22.—The first case in which the competency of the league of nations in an international difference has been questioned has arisen in connection with Albania's demand that Greece and Jugoslavia evacuate Albanian territory.

The Albanian delegates have filed a new memorandum with the league in which the Albanians reiterate their grievances against Greece and Jugoslavia and ask for a public hearing. Efforts are being made by the Greek and Jugoslav representatives to take the case out of the hands of the league and have it settled by the council of ambassadors on the ground that the ambassadors have occupied themselves with these questions and are better able than the council of the league to deal with them. The Albanians are said to interpret this as an expedient intended to introduce politics into a settlement. The Albanians threaten, in case the council does not give them satisfaction to appeal to the assembly at its next session.

TEXAS GULF COAST IS SWEEPED BY BIG TROPICAL STORM

Many Towns Report High Winds and Considerable Damage

(By The Associated Press)
 DALLAS, Texas, June 22.—Reports from a greater part of the Texas coast tonight indicated that the tropical storm of last night and today had practically subsided in that area but showed a tendency to go inland or be deflected eastward along the coast. Galveston reported that the barometer at 7 p. m., showed a rise of three points over the 4:30 p. m., reading.

The tide was rapidly receding having fallen to 2.8 at 7 o'clock as compared with 4.5 at 4:30. The wind which had reduced in velocity to 30 miles an hour, was reported veering to the southwest.

Unofficial reports from Corpus Christi said that the weather had virtually cleared there and that no further disturbances were expected. At 6 o'clock Houston reported that the storm had passed its nearest to Houston at 4 p. m.

Reports from various points along the coast told of very high tide but the wind had not reached the velocity felt at Point Isabel, Freeport and Angleton early today and last night. There had been no reports late tonight of loss of life in the storm area.

Charles Hopper Campaigns To Put Limping Out of Style

Maybe you've noticed some of these sudden transitions: Lots of Jacksonville's old-time foot sufferers have discarded their limp for a smooth, blissfully youthful stride.

How did it happen? Through changing from ultra stylish to ultra conservative shoes?

Not that, for several of them are headed in the other direction.

It's all due to Charles Hopper. He's going hot after all sorts of footaches by the Dr. Scholl method. There is a Dr. Scholl foot comfort appliance for every foot trouble.

This week the Hopper's Shoe Store is holding a special demonstration of these appliances.

No charge is made and the examination and advice by the graduate Practipedist, J. L. Read. It's a good time to be good to your feet.

YEAR OF 1921 MARKS CRISIS OF THE AGES

Speaker Tells Annual Convention of Northern Baptists—People are Living Beyond Their Means.

DES MOINES, Iowa, June 22.—The year of 1921 marks a "crisis of the ages" the Hon. Ernest L. Tustin, president of the Northern Baptist convention, and a well known lawyer of Philadelphia, declared today in his opening address at the fourteenth annual convention of Northern Baptists in session in this city.

He laid emphasis upon the "great extravagances in living" the "deplorable lowering of morals in our social life," the "moral degeneration and let-down in the habits of our young people," the "morals in our local politics perhaps lower than ever before" and the "non-church-going and non-religious people, whose knowledge of the sacrament is chiefly confined to those of marriage and death" as evidence of such a crisis.

There, he declared, "A clear, distinct call throughout the land for the unification of all forces of Christianity to consider the great questions confronting the political, business and religious world."

"Countless thousands of our people are running beyond their means, and living without the economic care and saving of our forefathers," Mr. Tustin said. "There has come into the minds of the many a desire for equality of condition."

In business lines, the whole assumption seems to be—get money; get it honestly if possible; but get money. In our local politics the morale is lower perhaps today than ever before. In nearly every city of our country the word of the boss is supreme."

As evidence of the lowering of our social morals, Mr. Tustin cites the "terrible indictment" of young women, contained in the advice recently given by another denomination,

CHICAGO SCHOOL TEACHER FIRED

Told Pupils American History was Pack of Lies—Refused to Allow Them to Sing National Anthem.

(By The Associated Press)

Chicago, Ill., June 22.—For alleged unpatriotic conduct and insubordination, Miss Frances Lloyd was summarily dismissed as a teacher in the public schools today by the board of education. The board also ordered her pay forfeited from last November, when she was suspended to the present date.

According to charges preferred against her she refused to regard instructions of Peter A. Mortenson, superintendent of schools, in reference to the observance of armistice day, and exhibited radical tendencies in the conduct of her classes by refusing to allow her students to sing the national anthem and by telling them the "American history was a pack of lies."

TWO WOMEN TENNIS PLAYERS STILL IN TOURNAY

Wimbledon, England, June 22. Mrs. Molla Bjurstedt Mallory, the American woman champion, and Miss Elizabeth Ryan of California, both won their way today into the fourth round of the series for the British lawn tennis championship.

Mrs. Mallory put up a fast game against Mrs. Arthur C. Green, who as Miss Boothby won the championship at Wimbledon in 1909, while Miss Ryan easily defeated Mrs. Kathleen McKane, 6-4, 6-2.

Francis T. Hunter of the United States had a narrow escape from defeat at the hands of Haughton of Ireland, winning finally after he had lost the first and third sets.

LOWER WAGES MEANS MORE MEN EMPLOYED

Chicago, June 22.—If wages of employees in the packing houses are reduced more men will be given employment, J. H. Bliss, chief counsel of Swift & Co. told Judge Alschuler today at the hearing on the packers' application for a general readjustment downward of wages.

Mr. Bliss said the wages of workers equalled 45 per cent of the preparation of meat and contended the price of stock yards products would be reduced if the proposed cut in wages was granted.

Hartman will meet Le Bosquet in one match and McGuire and McKee will meet in the other.

The winners will meet in the finals on Friday.

ALLEGED BANK ROBBER CONFESSES

BLOOMINGTON, Ill., June 22.—Montgomery North arrested here today with Charles Welch on a charge of holding up and robbing the bank at Hudson on Monday, made a written confession to Turnkey Kallahar at the county jail.

He said that Welch induced him to make the attempt to rob the bank on the plea that many men got away with holdups nowadays. They used North's car, he stated and first drove to Rutland intending to rob that bank, but found too many people around, the confession stated. Then they agreed to go to Hudson which they did just before the noon hour. Welch held the gun on the people inside, North stated and he himself gathered in the money in sight and then drove away. Most of the money was recovered when the men were arrested.

After making provision for the payment of just debts and funeral expenses out of any part of the estate and directing her executor to sell all her real estate, she stipulates that all her household goods, silverware, pictures, piano and jewelry, and one-half of the proceeds from the sale of her real estate and one-half of the remainder of all her other estate, she bequeaths to her beloved husband, Seth N. Griswold, expressly directing that her husband take as part of this bequest her shares of stock in the White Hall National Bank.

Out of the remainder left after the above bequest, she bequeaths to Richard S. Worcester (or to his successor in trust) the sum of ten thousand dollars to be held as a permanent fund and safely invested so that the same may earn as large an income as the safety of the investment will permit, said income to be used in the care, maintenance, improvement and beautification of Whiteside Park.

To the trustees of the White Hall cemetery she gives five thousand dollars, the proceeds of which is to be used in the care of the Whiteside monument and burial ground in said cemetery.

The will directs that all the residue of funds left in the executor's hands shall be divided into equal shares among cousins of the deceased, of whom there are thirty-three.

Seth N. Griswold is named as executor, to serve without bond.

CLAIM EVIDENCE DOES NOT JUSTIFY RESOLUTION
WASHINGTON, June 22.—Evidence presented to the railroads by shippers of fruits and vegetables does not justify a general reduction of freight rates or that traffic the association of railway executives declared today. Many complaints of high rates on fruits and vegetables the statement said were found to be merely in anticipation of reduced profits and unfavorable markets, but the actual figures demonstrated that the daily and weekly results were generally remunerative.

TRIAL OF ALLEGED MAIL ROBBERS IS NEARING CLOSE

Wanda Urbaytis Gives Lie to Testimony Given by Priest

(By The Associated Press)
TOLEDO, O., June 22.—At conclusion of the first night session of federal court where 13 men and women are on trial for alleged complicity in the million dollar postoffice robbery here last February 17, but two defendants remained to be heard. By holding a night session tonight Judge Killets believes he has paved the way for the case to be given the jury Saturday.

Of the thirteen on trial six tonight rested their case with the jury without having been heard, while five others had testified in an effort to refute the governments evidence. The defendants to be heard are George Rogers, alias Lewis, said by the government to have been one of the actual robbers, and Pearl Sommers, also known as Rogers' wife.

Wanda Urbaytis, a defendant, and the girl said to have carried one hundred and eighty thousand dollars in stolen bonds to Chicago where she handed them to Anthony Gorek, a Roman Catholic priest to be sequestered, gave the lie in her testimony to Gorek's allegations.

The girl also related times when she was assaulted, she declared, by Gorek.

WAYS OF THE LITTLE HIGH SCHOOL FLAPPER

Policewoman Says if She Has Pretty Legs She Wants to Show Them.

MILWAUKEE, Wis., June 22.—"If a little high school flapper has pretty legs she wants to show them. If we made a regulation that no suits were to be worn at the bathing beaches, there would be a lot of girls who would obey the law because they want to be bizarre and sensational." Mrs. Gertrude Thurston, police woman of Winnetka, Ill., declared today at the policewoman's conference.

"But once in a while they have to be told a few things about dressing decently," Mrs. Thurston said. "We have to tell the girls not to wear one piece bathing suits and to button up their coats when they walk thru the streets."

COMPETENCY OF LEAGUE QUESTIONED

(By The Associated Press)
GENEVA, June 22.—The first case in which the competency of the league of nations in an international difference has been questioned has arisen in connection with Albania's demand that Greece and Jugoslavia evacuate Albanian territory.

The Albanian delegates have filed a new memorandum with the league in which the Albanians reiterate their grievances against Greece and Jugoslavia and ask for a public hearing.

Efforts are being made by the Greek and Jugoslav representatives to take the case out of the hands of the league and have it settled by the council of ambassadors on the ground that the ambassadors have occupied themselves with these questions and are better able than the council of the league to deal with them. The Albanians are said to interpret this as an expedient intended to introduce politics into a settlement. The Albanians threaten, in case the council does not give them satisfaction to appeal to the assembly at its next session.

TEXAS GULF COAST IS SWEEPED BY BIG TROPICAL STORM

Many Towns Report High Winds and Considerable Damage

(By The Associated Press)
DALLAS, Texas, June 22.—Reports from a greater part of the Texas coast tonight indicated that the tropical storm of last night and today had practically subsided in that area but showed a tendency to go inland or be deflected eastward along the coast. Galveston reported that the barometer at 7 p. m., showed a rise of three points over the 4:30 p. m. reading.

The tide was rapidly receding having fallen to 2.8 at 7 o'clock as compared with 4.5 at 4:30. The wind which had reduced in velocity to 30 miles an hour, was reported veering to the southwest.

Unofficial reports from Corpus Christi said that the weather had virtually cleared there and that no further disturbances were expected. At 6 o'clock Houston reported that the storm had passed its nearest to Houston at 4 p. m.

Reports from various points along the coast told of very high but the wind had not reached the velocity felt at Point Isabel Freeport and Angleton early today and last night. There had been no reports late tonight of loss of life in the storm area.

YEAR OF 1921 MARKS CRISIS OF THE AGES

Speaker Tells Annual Convention of Northern Baptists—People are Living Beyond Their Means.

DES MOINES, Iowa, June 22.—The year of 1921 marks a "crisis of the ages," the Hon. Ernest L. Tustin, president of the Northern Baptist convention, and a well known lawyer of Philadelphia, declared today in his opening address at the fourteenth annual convention of Northern Baptists in session in this city.

He laid emphasis upon the "great extravagances in living," the "deplorable lowering of morals in our social life," the "moral degeneration and let-down in the habits of our young people," the "morals in our local politics perhaps lower than ever before" and the "non-church-going and non-religious people, whose knowledge of the sacrament is chiefly confined to those of marriage and death" an evidence of such a crisis. There is, he declared, "A clear, distinct call through the land for the unification of all forces of Christianity to consider the great questions confronting the political, business and religious world."

"Countless thousands of our people are running beyond their means, and living without the economic care and saving of our forefathers," Mr. Tustin said. "There has come into the minds of the many a desire for equality of condition. In business lines, the whole assumption seems to be—get money; get it honestly if possible; but get money. In our local politics the morale is lower perhaps today than ever before. In nearly every city of our country the word of the boss is supreme."

As a evidence of the lowering of our social morals, Mr. Tustin cites the "terrible indictment" of young women, contained in the advice recently given by another denomination.

Charles Hopper Campaigns To Put Limping Out of Style

Maybe you've noticed some of these sudden transitions: Lots of Jacksonville's old-time foot sufferers have discarded their limp for a smooth, blissfully youthful stride.

How did it happen?

Through changing from ultra stylish to ultra conservative shoes?

Not that, for several of them are headed in the other direction.

It's all due to Charles Hopper. He's going hot after all sorts of footaches by the Dr. Scholl method. There is a Dr. Scholl foot comfort appliance for every foot trouble.

This week the Hopper's Shoe Store is holding a special demonstration of these appliances.

No charge is made and the examination and advice by the graduate Practipedist, J. L. Read. It's a good time to be good to your feet.

Schoolgirls Cut Cost of Dressing

Boys, if you're hunting an economical wife, move to West Philadelphia, Pa. Girls in the high school there are taught to make their own dresses. The picture was snapped at their "economy fashion show." Notice the prices. The girls are, left to right, Florence Hazard, Janet Mather, Evelyn Barlow, Sylvia March, Fannie Knowlton, Edna Stockley and Cora Wacker.

ation, which charged them not to swear, to give up drinking, quit gambling, refrain from immodest dress, and to stop joy riding. He said that there was an "equal moral degeneration and let-down in the habits of our young men."

The cure, he said, can come only "by a united effort of all protestants." The marked decrease in church membership, he said, while fraternal and worldly organizations are increasing in membership, is due to the fact that "The great lack in the followers of Christianity of the present day is that we do not possess the fervor, the heart-throbs, which characterized the Christianity of a century ago. We allow worldly affairs to crowd out our devotion and loyalty to our religious life."

Better Sunday schools and Bible schools would counteract the moral let-down among young people today, he declared. He urged the Northern Baptists to sustain and develop the 22 colleges and 43 schools of the denomination, and to earnestly strive for the religious education of all our people, from the cradle to the grave. He also urged the practice of tithing upon the denomination.

"Let us try humbly, prayerfully, and sincerely with the opening of this convention to inaugurate a tremendous forward movement for another Pentecost," he said in closing.

SOMETHING WILL HAPPEN TO STOP RIOTING

Rochester, N. Y., June 22.—Sir John Foster of Edinburgh, Scotland, predicted today that "something would happen on Thursday to end the rioting and rebellion in Ireland."

"Watch the date, Thursday," he urged. "There will be peace in Ireland this week."

Frank Higham and William Kasrup went to Beardstown on business yesterday.

Told Pupils American History was Pack of Lies—Refused to Allow Them to Sing National Anthem.

(By The Associated Press)

Chicago, Ill., June 22.—For alleged unpatriotic conduct and insubordination, Miss Frances Lloyd was summarily dismissed today by the board of education. The board also ordered her pay forfeited from last November, when she was suspended to the present date.

According to charges preferred against her she refused to regard instructions of Peter A. Mortenson, superintendent of schools, in reference to the observance of armistice day, and exhibited radical tendencies in the conduct of her classes by refusing to allow her students to sing the national anthem and by telling them the "American history was a pack of lies."

TWO WOMEN TENNIS PLAYERS STILL IN TOURNAY

Wimbledon, England, June 22. Mrs. Molla Bjursjedt Mallory, the American woman champion and Miss Elizabeth Ryan of California, both won their way today into the fourth round of the series for the British lawn tennis championship. Mrs. Mallory put up a fast game against Mrs. Arthur C. Green, who as Miss Boothby won the championship at Wimbledon in 1909, while Miss Ryan easily defeated Mrs. Kathleen McKane, 6-4, 6-2.

Francis T. Hunter of the United States had a narrow escape from defeat at the hands of Haughton of Ireland, winning finally after he had lost the first and third sets.

LOWER WAGES MEANS MORE MEN EMPLOYED

Chicago, June 22.—If wages of employees in the packing houses are reduced more men will be given employment, J. H. Bliss, chief counsel of Swift & Co. told Judge Aschuler today at the hearing on the packers' application for a general readjustment downward of wages.

Mr. Bliss said the wages of workers equalled 45 per cent of the preparation of meat and contended the price of stock yards products would be reduced if the proposed cut in wages was granted.

TWO CHICAGO MEN IN SEMI-FINALS

Hartman will meet LeBosquet in one match and McGuire and McKee will meet in the other.

The winners will meet in the finals on Friday.

ALLEGED BANK ROBBER CONFESSES

BLOOMINGTON, Ill., June 22.—Montgomery North arrested here today with Charles Welch on a charge of holding up and robbing the bank at Hudson on Monday, made a written confession to Turnkey Kallahar at the county jail.

He said that Welch induced him to make the attempt to rob the bank on the plea that many men got away with holdups nowadays. They used North's car, he stated, and first drove to Rutland intending to rob that bank, but found too many people around, the confession stated. Then they agreed to go to Hudson which they did just before the noon hour. Welch held the gun on the people inside, North stated and he himself gathered in the money in sight and then drove away. Most of the money was recovered when the men were arrested.

NAVY BREAKS RECORD IN WINNING REGATTA

POUGHKEEPSIE, N. Y., June 22.—Specially invited crews won chief honors in the annual inter-collegiate regatta today when the navy academy and the University of California crews raced into first and second places respectively in the three mile varsity event, the feature of the program.

Cornell won third place in the big event and both preliminaries. The middie victory in the three mile race was an impressive triumph. With the majority of the oarsmen who won Olympic honors at Brussels last summer among them, the navy men jumped to the front at the start of the long race down the Hudson and were never headed, finishing the three miles in the record time of 14 minutes seven seconds.

The former record was made in 1898 by the Pennsylvania eight in 15 minutes 51 1-2 seconds on still water at Saratoga lake.

Cornell was third over Pennsylvania and in the wake of the Quakers came Columbia and Syracuse barely a length apart.

Cornell won the junior varsity two mile race by five lengths. The crew jumped into the lead at the start and was never headed. Striking a 28 beat in the first half mile the Cornell juniors gradually dropped their stroke until the beat was thirty at the finish.

Syracuse held second place with Pennsylvania third and Columbia fourth until the final half mile where Pennsylvania spurred and shot past the fast tiring Syracuse eight into second place. Syracuse finished third.

AMERICAN POLO TEAM WINS CUP

Defeat British and Bring Back Cup Which was Taken to England in 1914—Victory was an Easy One.

LONDON, June 22.—America's Polo Quartet smashing its way thru the English defense, won the final game of the international series today by ten goals to six and thereby earned the right to carry back to the United States the international challenge trophy taken from America by the British at Meadow Brook in 1914.

The American victory in this series came in straight matches. Only two were necessary for the winning of the cup. Today's game was no walkover for the challengers, altho they got away brilliantly to a tree goal lead in the first period, the British rallying strongly along toward the middle of the match.

The trophy was bought by subscription by the Westchester Polo club of Newport, R. I., in 1886 and by agreement the committee of the Hurlingham and associate clubs, was recognized in 1912 as the world's polo championship cup for teams of four. The Americans have achieved their fourth world's polo triumph, evening up the score with the British.

The game was marred by an accident in the third chucker when Louis Stoddard, No. 1 for America, in scoring the fifth goal for his team knocked down Freshman Gilbey, a goal umpire who formerly was well known as a polo player. Gilbey's head was badly cut and the game was halted while the injured man was taken from the field in an ambulance. The Americans started off with a dash and energy which seemed to unsettle the Britishers' game. The

CARPENTIER TAKES MYSTERIOUS WORKOUT

Engages Three Heavyweights Behind the Barn—Then Takes Trip to Inspect the Arena.

MANHASSET, N. Y., June 22.—Shifting his training arrangements temporarily, Georges Carpentier had a mysterious workout behind the barn this morning and spent the afternoon in Jersey City looking over the arena where he will battle with Dempsey.

Georges went on the road for two hours, starting immediately after breakfast. When he returned he was given a rubdown, then engaged three heavyweights whose identities were kept secret. He was behind the barn for about an hour.

Tex Rickard, promoter, Georges, his manager and his friend, Captain Mallet, made the trip to Jersey City and returned to camp this afternoon. Georges said he thought the arena was the greatest thing of its kind he had ever seen.

Charles Ledoux, French bantamweight champion, arrived at camp while Georges was away. Trainer Wilson showed him over the place and he said he thought the camp ideal.

It was announced that Paul Journee as a result of injuries received in this bout with Weibert last Monday night, would not be able to work again with Carpentier before the Dempsey fight.

Italian Joe Gans, the other sparring partner who suffered defeat in Brooklyn on Monday did not appear today.

HOPPER & SON

WILL BORROW FUNDS TO BUILD HOSPITAL

A statement was published yesterday with reference to the extensive addition to be built to Our Savior's hospital. In the main it was correct, although published without authority of the Sisters of the Holy Cross, who own and operate the hospital. As stated, the contract has been let to Jobst & Sons of Peoria, but the statement was in error that the Sisters of the Holy Cross have a large building fund available. One of the Sisters referring to the matter said yesterday: "The idea that we have accumulated a large fund for the erection of the new hospital building is entirely erroneous. The building will be erected mainly from borrowed money."

C. OF C. DIRECTORS CHOOSE SECRETARY

Harold C. Welch Will Take Important Post Here—Now Serving Acceptably in Charleston.

A meeting of the board of directors of the Chamber of Commerce was held Wednesday afternoon at the Cloverleaf building on East State street. R. Y. Rowe, as president of the board, brought up various matters for consideration. The most important action taken was with reference to a secretary. The board by unanimous vote selecting Harold C. Welch of Charleston for the position.

Mr. Welch is expected to begin his duties here in about three weeks and until that time Mr. Henley of the American City Bureau will remain in charge of the work here. Mr. Welch was in Jacksonville for a day last week and met with the directors for conference. He made a very favorable impression and the directors found later that he has an excellent record in his work with business organizations.

Mr. Welch before taking up Chamber of Commerce work was special adjuster for the Glen Falls Fire Ins. Co. For three years he served as assistant secretary of the merchants' association in Mattoon and for three years and eight months has been the managing secretary of the Charleston Chamber of Commerce.

The work in Charleston has been very satisfactory. When he took the position of secretary there were about 225 members of the organization and today there are more than 400. The reports from Charleston indicate that Mr. Welch had worked in a very earnest and intelligent way for the up-building of the business organization, and had also found time to take his full part in various civic movements.

During the wartime Mr. Welch was publicity director for Coles county in the first, second and third liberty loans and for the county Red Cross chapter. He also served as duty sergeant for Co. F of the 5th Illinois infantry.

The newly elected secretary together with his wife and young son, will probably come to Jacksonville sometime prior to July 15.
